

TRIMITZKYD FINISH 250

Alkyd Finish

Product Description	A single component alkyd gloss enamel finish.																							
Recommended Use	A gloss finish coat for mild industrial and marine service, for steel work in non-aggressive environment.																							
Characteristics	<ul style="list-style-type: none"> Easily applied by spray, brush or roller. Good gloss retention, even in industrial environment. Suitable for areas of limited chemical exposure. Excellent maintenance coating, compatible with a wide range of primer and existing coated surface. 																							
Physical Data	Colour	Available On Request																						
	Gloss Level	Gloss																						
	Volume Solid	Approx. 53%																						
	Dry Film Thickness	40 microns per coat																						
	Number of Coat	1 - 2																						
	Theoretical Coverage	13.20 sq.m/ltr for 40 microns																						
	Temperature Resistance	Continuous : 90°C (dry) Intermittent : 115°C (dry)																						
	VOC	237 g/ltr																						
	Flash Point	38°C																						
	Shelf Life	At least 12 months																						
	Pack Size	5 litres; 20 litres																						
Surface Preparation	<p>Dry abrasive blast to a minimum ISO - Sa 2 or SSPC - SP 6 "Commercial". Blast to achieve a 25 microns anchor profile as indicated with a Keane Tator Surface Profile Comparator. Remove abrasive residue or dust from surface.</p> <p>For aged coating, all intact coatings must be clean, dry and free of all contaminants, sufficiently roughened.</p>

Safety Precaution

Keep away from heat, spark and open flames. Avoid breathing of vapour on skin and eye contact. Keep container closed and store in cool, ventilated area when not in use.
 Proper ventilation and protective measures must be provided during application and drying, to keep vapour concentration within safe limits and to protect against toxic hazard.
 Necessary safety equipment must be used and ventilation requirements carefully observed, especially in confined or enclosed spaces, such as tank interior and building.
